MS MIDNATSOL

The name Midnatsol (Midnight Sun) is something to live up to, and this ship, dedicated to the Norwegian summer, does just that. The interior's bright, colourful décor is inspired by the warm sunny climate, a motif also reflected in the many pieces of Norwegian modern art on display. MS Midnatsol was put into service on 15 April 2003 and is the fourth Hurtigruten ship to bear this name. The ship has a strong environmental profile and a modern design, with Norwegian materials used extensively throughout its interiors. Together with her sister ship, MS Trollfjord, MS Midnatsol is among the newest in the fleet.
